

## MINUTES SUBMITTED BY TOM ATKINS

### SPEED COMMITTEE ACTION ADDED IN BY RICCI PORTER-KMETZ (in green)

- Action is a result of a SC meeting conducted on 8/2/19 (7:30 a.m. – 10:15 a.m.) at the Spokane Convention Center

### SOUTHWEST REGION

#### 1. Implement maximum wheel size for competition by division. Adopt World Skate wheel size restrictions by age group.

Age 5 and below - 84mm max

Age 6-9 - 90mm max

Age 10-14 - 100mm max

Age 15 and above - 110mm max

Vote: Favor 5 Against 2 Abstain 1 – Motion Carries

SC ACTION – Yes, pending World Skate information. Also, a survey will be sent out seeking opinions on re-structuring the age groups in relays.

#### 2. Go to an Open Entry National Championship. Vote: Favor 2 Against 4 Abstain 1 – Motion Failed

SC ACTION – Going with the regional rep vote, and sending out a survey requesting input on how to make qualifying for nationals cost effective.

#### 3. Separate the National Championships, with ODN and IDN 3 weeks or less apart we are forcing most skaters to enter one or the other. If we can move the two championships 30 to 45 days apart more skaters will be able to compete in both championships.

Indoor Nationals could move to late June.

Outdoor Nationals should be end of August.

#### 4. To make #3 work we need to stop using ODN to select our World Team . . . ODN and selected other outdoor and indoor events should qualify skaters for a National Team. All National Team members (including the previous seasons World Team members) would be eligible to attend a world team selection camp to be scheduled according to the world championships. A one-week camp with skaters running distances multiple times will give our coaching staff the ability to select the best team based on consistent performance.

Moot point - in process already. Note: 3 and 4 are linked issues.

### NORTH CENTRAL REGION

#### 1. No regional qualifier for National Championships, Regionals to remain intact for Star Skate, grass roots program.

Moot point - in process already.

#### 2. Coat Colorado Springs 200m Banked Track according to Joe Cotters original proposal. Moot point - in process already.

### **2) Original Rules**

SR560.4 In the event of a false start, the offending skater or skaters will move to an eight foot (8') setback line in their proper lane position before the starting procedure resumes. At the command, "To your mark," this skater or these skaters move forward to the four foot (4') setback line only, not to the starting line.

SR560.5 When a skater starts before the gun has sounded, it will be considered a false start. Two false starts by the same skater will result in his or her disqualification from the race.

SR560.6 Any deviation from the starting procedure, excluding a false start, will result in a warning to the entire group in that particular race. After the warning in that particular race, any deviation from the starting procedure will be penalized the same as a false start.

### **New Rule**

SR560.4

The skater or a team (relay) who commits two (2) false starts in the same race (heats, semi-finals and final), is disqualified DSQ-TF.

- b. When one skater causes a false start, thereby causing the other skater to follow; only this skater shall be given one (1) warning for false start.
- c. In each instance, in case of false start, the judge shall call back skaters to the starting line (with one or two gunshots or two blows of whistle). Skaters must resume their positions and the start is repeated.
- d. The Starting judge signals the false start to the skater by showing a yellow card. He shows a red card to signal the disqualification after a second false start

### **EASTERN REGION**

#### **Proposal #1:**

This proposal is requested for the speed committee to reevaluate the age groups from relays to align with all of our new Safe Sport regulations. For instance, to properly adhere to Safe Sport, at no time should an 18+ year old man/woman be skating with a 14-year old child. We need to avoid any issues that may arise and possibly compromise a child's wellbeing.

The proposal was amended to ask the Speed Committee to evaluate this issue.

Vote: 5 Favor 3 Against – Motion Carries

**SC ACTION – Will evaluate**

#### **Proposal #2**

So as to reward World Team Members for their hard work, World Team Members will be given the same numbers to be used throughout their skating careers at USARS events. The Numbers will have a "W" designation, with size and dimension to be determined by the Speed Committee.

**SC ACTION – Yes, on the 5 teams, but also sending back to the regional reps for feedback on handling if there are 6 or more teams. The current change applies to 5 teams or less, but the SC would like there to be a step 2 considered.**
